FOOD PROCESSING & PACKAGING BANGLADESH 2026

A PLATFORM FOR THE EXHIBITOR

The exhibition aims to provide a focused platform for your organization to connect with food manufacturers, processors, packaging companies, distributors, and key decision-makers across Bangladesh and international markets.

Exhibiting will create opportunities to:

- Showcase advanced food processing & packaging technologies
- Demonstrate automation, preservation & production solutions
- Engage directly with manufacturers, processors & industry stakeholders
- Expand distribution and business networks in Bangladesh's growing food industry
- Launch innovative solutions for food safety, efficiency & smart production
- Build partnerships with food industries, agro enterprises & investors

OBJECTIVE OF THE EXHIBITION

- To provide a comprehensive platform for food processing & packaging stakeholders
- To promote modernization, automation & efficient food manufacturing
- To connect global technology providers with Bangladesh's food industry
- To showcase innovation in processing, packaging & preservation technologies
- To strengthen food safety, quality control & compliance standards
- To facilitate partnerships among manufacturers, suppliers & distributors

VISITORS' PROFILE

- Food processing & manufacturing companies
- Agro-processing & export-oriented industries
- Beverage, dairy, meat & seafood processors
- Packaged food manufacturers
- Packaging & printing companies
- Importers & distributors
- Cold storage & logistics operators
- Government authorities & regulatory bodies
- Food safety & quality professionals
- Research institutes & universities
- Investors & consultants
- EPC / plant engineering firms
- Trade organizations & business chambers

EXHIBITORS' PROFILE

Processing Machinery & Equipment

- Food & beverage processing machinery
- Meat, seafood, dairy & grain processing systems
- Cutting, mixing, cooking & automation solutions
- Bottling, filling & integrated production lines

Packaging & Labelling Machinery & Equipment

- Packaging machinery & production lines
- Filling, sealing, wrapping & vacuum systems
- Labelling, coding & marking technology
- Smart & sustainable packaging solutions

Thermal & Preservation Technology

- Freezing, chilling & thermal processing systems
- Pasteurization, sterilization & dehydration equipment
- Shelf-life extension & preservation solutions
- Controlled atmosphere & food preservation

technologies

Food Ingredients & Additives

- Ingredients, additives & flavour systems
- Functional & fortification inputs
- Processing aids & specialty ingredients

Smart Food Technology & IoT Solutions

- Automation & smart manufacturing systems
- IoT-based monitoring & control
- Digital traceability & production analytics

Quality Control & Lab Equipment

- Food testing & laboratory equipment
- Inspection & quality assurance systems
- Hygiene & contamination control solutions

Food Cold Chain & Logistics Technology

- Refrigeration & cold storage systems
- Temperature monitoring & tracking
- Warehousing & distribution solutions

WHY BANGLADESH FOOD PROCESSING MARKET

- Rapid growth of processed & packaged food demand
- Increasing urbanization & changing consumer lifestyle
- Expanding export opportunities in food sector
- Rising investment in food processing industries
- Growing need for modern packaging & preservation solutions
- Strong demand for cold chain & logistics infrastructure
- Increasing focus on food safety & compliance
